

**Product Name:**

FMF Commercial Bottom Glass Door Rail (With Optional Lock)

**Model Number:** HYP-R10036.XX, HYP-R10038.XX

---

**Product Overview:**

The FMF Commercial Bottom Glass Door Rail Profile offers a strong and reliable solution for frameless glass door installations. Its lock-free design ensures a sleek, modern appearance while maintaining high strength and durability. Ideal for commercial, residential, and hospitality applications, this rail provides a robust mounting solution with a high weight capacity.

---

**Key Features:**

- **Durable Construction:** Crafted from 6060 T6 aluminum for superior strength and corrosion resistance.
  - **Clean Aesthetic:** Lock-free design for a modern, frameless look.
  - **Easy Installation:** No special tools required, simplifying the installation process.
  - **Precise Dimensions:** Designed to fit various spaces with a compact profile.
  - **High Weight Capacity:** Supports up to 100 kg of weight, ensuring stability and reliability.
  - **Glass Compatibility:** Suitable for 10mm–12mm tempered glass.
- 

**Technical Specifications:**

Material	6060 T6 Aluminum
Dimensions (L × H × W) 36"	35 15/16" (L) × 4 1/4" (H) × 2 1/16" (W)
Dimensions (L × H × W) 38"	37 3/4" (L) × 4 1/2" (H) × 2 1/16" (W)
Glass Thickness	10mm – 12mm Tempered Glass
Lock Option	Optional
Load Capacity	Up to 100 kg (500,000 Cycle Tests)
Packaging Dimensions 36"	41" (L) × 4 1/2" (H) × 7 1/2" (W)
Packaging Dimensions 38"	44" (L) × 5" (H) × 8" (W)

<b>Gross Weight</b>	21 lb
<b>Finish Options</b>	Matte Black, Brushed Nickel

---

### **Installation Instructions:**

1. **Preparation:** Ensure all surfaces are clean and level before installation.
  2. **Measurement:** Mark the positions for the rail based on door width and height.
  3. **Drilling:** Drill holes for rail mounting (no special tools required).
  4. **Placement:** Position the rail and align it with the glass door.
  5. **Securing:** Attach the rail securely and ensure the glass door is stable.
  6. **Final Inspection:** Check for proper alignment and smooth operation of the door.
- 

### **Maintenance & Care:**

- Clean regularly with a soft cloth and mild cleaning solution to maintain finish and appearance.
  - Avoid using abrasive materials that may damage the surface.
  - Periodically check that mounting screws are tightened and the rail is securely fixed.
- 

### **Date of Release:**

February 11 2025

### **Warranty Period:**

1 Year Limited Warranty
